How a donation reaches a cause

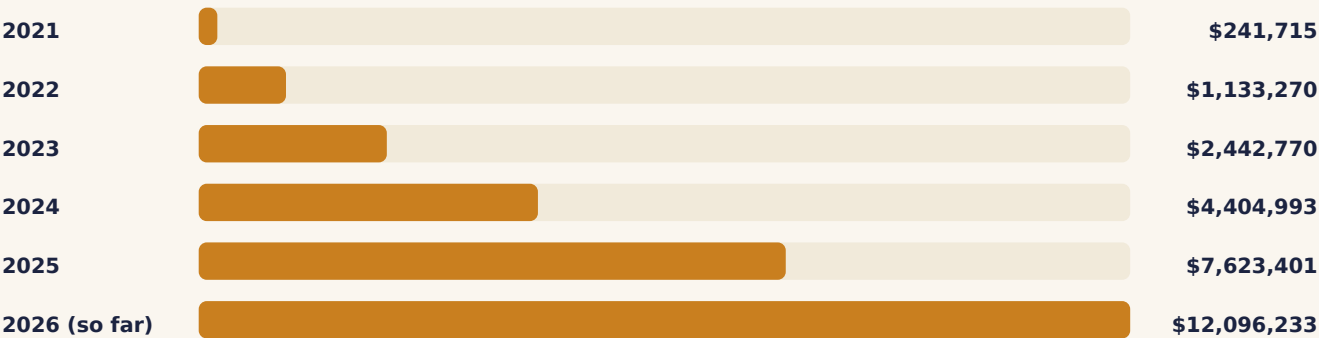

- 1 You send crypto** to Global Relief Group's verified wallet for the coin you choose, and submit your transaction ID with the cause you picked.
- 2 We confirm it on the blockchain** and email an official receipt carrying our EIN.
- 3 Within 24 hours of confirmation** the donation is converted and sent by bank transfer to the registered bank account of the organization handling the cause.
- 4 Your gift is added** to the cause's total on its page and in the live report on donatecrypto.co/impact.

DonateCrypto takes no platform fee. The only cost is the blockchain network fee charged when crypto is sent, which goes to the network, not to us.
